

Craigsfarm Community Hub welcomes you to our cafe. Our café is part of a unique social enterprise in Livingston.

We provide high quality food and excellent beverages in an informal, relaxing and light-filled setting. The café is a community resource and we hope in the future will act as a catalyst to employment for unemployed people by offering paid work placements, training and volunteering opportunities within a catering environment.

Every single coffee bean that goes into every single cup of coffee has been delivered super fresh within a week of roasting. We don't mess about, unlike some others who keep it in their storeroom for months on end. The fresher the coffee, the better the taste. One sip and you'll know.
